No. 3.]

From the Secretary of State for India, To the Government of India, No. 87, dated 18th February 1875.

I have considered in Council your Financial letter, dated the 31st December last, forwarding, with reference to my despatch dated the 8th October 1874, No. 512, copy of your Resolution of the 27th November 1873, prohibiting the remittance to England by private bills of money required for payments on the public service, and directing that all remittances of that nature shall be made through the Government of India.

2. I fully concur in the propriety of the rule which you have laid down, and as you are of opinion that remittances to the Solicitor to this office from the Remembrancer of Legal Affairs on account of appeals to the Privy Council on behalf of the Court of Wards come within the designation of remittances on the public account, I will not object to the necessary payments being made through this office.

3. Care must, however, be taken that any loss which may be entailed on Government by the adoption of this course of procedure must be made good out of the estate of the minor on whose behalf the Court of Wards may be acting.
